

PE

EY: We can play with others and take turns.

KS1: We can work sensibly with others and take turns to share.

KS2: We are happy to show and discuss our skills and ideas with others.

EY: We can express ourselves through movement.

KS1: We can begin to compare our movements and skills with those of others.

KS2: We can recognise similarities and differences in the way we move.

EY: We can play a variety of games.

KS1: We can play a variety of games and identify similarities and differences in them.

KS2: We can express ourselves through taking part in games from different cultures.

EY: We can follow simple instructions.

KS1: We can work on simple tasks independently.

KS2: We know where we are with our learning and can begin to challenge ourselves.

EY: We explore games and can talk about our likes and dislikes.

KS1: We know that PE and sport is part of our wider community.

KS2: We can explore and experience sporting competitions within our community.

EY: We are becoming aware of how physical education and movement makes us feel.

KS1: We begin to discover why exercise is important for good health.

KS2: We can explain why we need to warm up and cool down and describe how our bodies can change through physical activity.

We are proud

We can

We are ready

Diversity

Curiosity

Be here.
Be you.
Belong.

Brene Brown

"I am healthy, active and happy. I believe everything is possible when I'm doing physical activity. I feel empowered and inspired through my own skills and playing team games with others. I am able to consider and appreciate the skills and sporting talents of others. I take risks, challenge myself and learn new skills along my physical education journey. I have the freedom to express my opinion, uniqueness and individuality. Physical education can take me anywhere, it brings me complete escapism and happiness. I explore the world I live in by following my creative ideas and imagination. I understand physical education and can reflect on myself, my community and the wider world!"
